

# Lincoln Courier-Herald, Lincoln, Illinois – 1918

This index of the Lincoln Courier-Herald contains the vital statistics information contained in the paper. Births, marriages, and deaths are listed. 1918 was a significant year since two momentous events were occurring that year. Both WWI and the Spanish Influenza pandemic were major factors in the number of deaths reported in the paper.

The Spanish Influenza pandemic began about the middle of September. By the end of December, approximately 2,000 Lincoln residents had contracted the flu and nearly 100 deaths had occurred in Lincoln alone.

In the issue of 31 Dec 1918 was printed the most up-to-date Gold Star listing of the men of Logan County who died during the war. Both, men who were known to have died in service (Gold Star)(39) and men still listed as missing in action (Blue Star)(4), were included in the list. The information about the men from that list is included in this index. Names of men who died, who were relatives of Logan County residents, are also included.

Spellings of names are seen as they appeared in the Courier-Herald. Be sure to look for the common misspellings of the surname being searched.

Name:	Issue Date:	Pg:	Event:
AARON, Frances & ROSENTAL, Lewis	12/17/1918	1	Married: 22 Jan 1856
